Alexis responded to his email and I just called and left a voicemail message. I told him it would be ideal if we could have the second Gina briefing before any calls got set up with the Governor. I also told him you had a call in to N McFadden. I'm working on some talking points that you/Cynthia might use with Gina which might also double as talking points for Gina if she takes the call from the Guv.

I am assuming that R9 will take the lead on materials. Please let me know how OW can help. I am traveling through tomorrow, but can get on a call if you like.

Hey, R9 and Ken.

Gov. Brown is looking to have a call with the Administrator. Topic is their Water Fix plan. As the comment period is closing, the Governor wants the Administrator to understand the state's policy rationale.

Stay tuned...but if folks can start readying relevant points for the call. Liel and I will let you know when it gets scheduled for.

Thanks,
Mark
